

Zoey's Dog Clothing Designs

Zoey the Model dog is a shitzu-chihuahua born in the Spring of 2020. She started modelling when she was less than a year old in 2021 and has been featured in more than half-a dozen magazines since including a few covers. Zoey started making her own dog clothing designs after being inspired from her work as a model. She also designs human clothing and makes abstract artworks in reprint as well as NFT. Below are photos of her available dog clothes in sizes S, M, L.
